A Letter from the Prez!

Well here we are at the end of the 2014 season, as I write this I am loading up for the Vikings GP the last race of the year. I am really looking forward to the many changes we have coming up in 2015. The Adelanto GP is back with AMA and District 37 backing. The Big Six/ So Cal MC have worked hard to bring this event to our riders, come out and see what is all "The Adelanto GP"

District 37 has a long history that many are proud of because their dad raced or their grand-dad raced. We want to attract that younger rider to build our sport while keeping the history alive.... Some of our races or types of events may change but still we are AMA District 37, just having "AMA" The American Motorcycle Association before the title is something that not all promotion groups get to have....

Like I had written about last month a group of clubs have stepped up to host District 37 Youth Desert Events. The Youth Desert Series will be modeled after the Youth Nationals, using the same classes as that series and type of event. The Series will be a 6 race series, the clubs confirmed are Four Aces event (Spangler) in Feb, Prospectors National Hare Scrambles (Gorman) in March, So Cal Hare and Hound (Lucerne Valley) in April, Hilltoppers/Desert Daisies Desert Scrambles (Lucerne Valley) in Nov and RUTS Desert Scrambles (Lucerne Valley) in DEC. The RHR Desert Event set for Nov is working to get moved to Sept, This event will highlight Youth Racing. We have even inked a series sponsor, this will help with hand outs and promotion of events etc... Look for more info within the next couple of weeks and a flyer to follow

District 37 Club Members

I would like to speak a minute about our events, The District is made up of clubs that host the events we race, The racers themselves work the events along with friends and families. We are not professional promoters, but yet we host events like we are.

This brings me to safety, In many cases the club elects or appoints a race referee, it is the Referees job to make sure the course is safe for racers to ride. Making sure that all dangers are marked, road crossing are manned and probably most importantly a course map with mileages, Check Points, Road Crossing, Pits, Starts and finishes accurately identified. This Map must be given to R3. R3 patrols the course responding to downed riders, R3 does an outstanding job responding but without map and GPS coordinates it makes their job almost impossible. Please as a topic at your next club meeting bring up the importance of rider safety and the importance of Map and GPS tracks...

District 37 Racers/Riders/Families (not a member of a club)

I would like to talk a minute about becoming a member of a club, As I stated above the Clubs host the events and the members work the events. If you are racing District 37 and enjoying the events hosted by the Member Club, please think about joining one of our many clubs. We offer a wide variety of types of clubs anything from clubs with a "entertaining night life" to clubs more focused on families with kids, we even have a club with a Christian foundation as a base but each club is focused on racing. Most of the clubs have outings

Letter from the Prez continued...

or parties around summer/holidays.... These clubs are a great way to build friendships that are based around a sport you love. In most cases these friendships built around racing turn into lifelong friendship....

I will say the friendships built in the desert for me have become as much of a family as my "real family" in some case even closer.

I was at an event when I heard the news my Mother was passing away, within a minute of hearing that news, my oldest son (Andrew) told me Alex (my youngest son) had crashed on his way to the check we were going to work that day and was knocked out.... I told my dad I had to get off the phone to deal with Alex.

We left the motorcycle in the desert. Loaded Alex in a friend's side by side and headed back to camp. When I got back to camp the first person I saw was one of my closest friends, as you could imagine I was beside myself....

My friend was just leaving for his minute at the Enduro. Once he heard the news he wasn't concerned with the Championship he would win that day, he was concerned about getting me and my family loaded up and headed home....

It wasn't very long before most of the desert group knew what had happened and many of my friends stepped up to fill in the spots I had vacated that day....

I'm very blessed to have as many friends as I do most circle around D37 and racing. I even got married to Janine at The Hilltoppers/Desert daisies race last month (If I know Scott he has that covered within this newsletter too ha ha)

If clubs just are not your thing that is ok, we have a great group of families, racers, support crews, teams that will help you either way...

I hope everyone had a great Holiday Season... The 2015 race season is looking great and I am going to get back to riding starting in January

Be Safe, Have fun!

Jerry Grabow
AMA District 37 President

AMA YOUTH DISTRICT 37 DESERT SERIES

2015 District 37 Desert Youth Racing Series

With the popularity of the 2014 Youth National Hare n Hound Series, District 37 is creating a new Desert Racing Series that will mimic the NHHA Youth series. Turns out the kids like to ride more and we are happy to oblige.

The series will add an extra four races that the kids can run but will not be affiliated with the NHHA Youth Series. Each of the four races in our series will pay Desert Points and we will crown a champion in each class at the end of the 4 race series.

As of right now we have four clubs that have expressed interest in hosting the 4 race series.

4 Aces MC	February 2015
SoCal MC	April 2015
Hilltoppers	November 2015
RUTS	November 2015

Classes include:

Pee Wee - 50cc

Prospectors MC put on a first class Grand Prix at Gorman last month. It used all of the motocross, wended up through the hills, and got into the natural washes that have made this race one the best Grand Prixes of the year.

Rain this year on Friday night made the track a little goopy on Saturday morning, but by noon, it was perfect conditions. Then to make it even better, there was a little rain Saturday night too... No Dust... Lots of fun.

Thank you to the Prospectors MC for putting in so much effort to make this event happen. It is always great to show up "Pre Entered" and get through the sign up process in less then 4 minutes. Your group have this process nailed!

West Coast Grand Prix – Int/ Exp/ Pro

Nick Stover (281) on the 3BROS KTM.COM, FMF MAXIMA, CLEAN RACING Husqvarna was the WCGP Pro II and overall winner of the race. To the right you see him chasing down the MAXXIS, GAERNE BOOTS, PRO CIRCUIT, BTO KTM of Eric Yorba (280) and Troy Armstrong (46).

FOR IMMEDIATE RELEASE

The AMA District 37 Big 6 Grand Prix Series (Big 6) is the largest AMA-sanctioned off-road racing series west of the Mississippi and strives year 'round to not only strengthen relationships with current sponsors, but to seek additional sponsors in order to grow the series.

Therefore, we're excited to announce that Malcolm Smith Racing (MSR) has signed a two-year contract to be the "Presenting Sponsor" of the Big 6 beginning in 2015!

Founded in 1971 by the legendary Malcolm Smith, MSR began as a small accessory provider and evolved into an industry leading motorcycle apparel and hard parts manufacturer.

"We are excited to have MSR be the Presenting Sponsor of the Big 6 Series for the next two years and the opportunity to get back to our roots. Our brand was started by an off-road legend, Malcolm Smith, and for us to be involved with a series like the Big 6 is exactly what our brand is about," states Malcolm Smith Racing Brand Manager Nick McBride.

"The Big 6 works hard to be the best possible and preferred motorcycle off-road racing series nationally. We cannot achieve this mission without the support of all of our sponsors, vendors and advertising. Their financial support goes right into making an affordable, professional and consistent racing series for our customers, sponsors and advertisers. The addition of the MSR brand is just another indication that professional industries recognize the success, model and professionalism the Big 6 brings to motorcycle racing," Mike Garvin of Big 6 adds.

About MSR

Our off-road products bear the name of the most legendary off-road racer of all time: Malcolm Smith. While being built to perform, to last and to survive harder hits than your ordinary riding apparel, MSR products are also built to be comfortable and stylish. Adhering to the strictest quality and safety standards, MSR believes in bringing products to the off-road community that provide serious protection and reassurance so you can enjoy your passion. Our passion is to ensure that our riders have the ability to ride longer in adverse weather conditions and over difficult terrain with peace of mind about their apparel. Malcolm Smith Racing is your brand and our goal is to offer you the best in off-road apparel and protection equipment.

Ben Meza grabbing the hole shot. Ben stretched out a huge lead and was cruising to the win when he fell off and ended his day early.

In the dust was where eventual winner Sammy Bangert started from. Here he is at the end of the bomb. The VCMC member raced his BlaisRacing/ FASSTCO./ Amsoil/ Asterisk/ VonZipper KTM to the overall win.

The Hilltoppers and Desert Daisies got together again for their 3rd Annual Skirt Chase. In 2012, the race drew a sparse 135 racers as there was a full blown search and rescue effort going on that delayed the event. 2013, due to word of mouth, the race drew 185.

The 2014 edition had 225!!! We cant tell you how happy we are as a club that everyone came out to support the event. Great times were had by most.

I can tell you all about the race from the viewpoint of putting it on, but wouldn't it be better to hear from the rider that won it?

**Desert Daisies/Hilltoppers Race Report
by Sam Bangert
Photo by Ryan Smith**

Desert Daisies/Hill Toppers was a spur of the moment decision. Thursday night I decided to go and I didn't even know what bike I was going to ride. The 350 was at ESR so I was thinking the 200.

Earl totally came through and dialed my suspension so I could pick up the 350 Friday. Thank your Earl Schuler!

Saturday morning my dad and I headed out to Cougar Buttes. We got there early, signed up,.

did a little riding and headed to the start to wait for the 11:30 flag drop.

Over at the start I saw good friend Denby Dailey (Hilltoppers MC) who was giving me some pointers.

As the banner went up I was a little nervous cause I'm not used to the electric start. As the flag dropped it took my bike a little bit to start so I was mid pack. I held her wide and ended up about 13th to the end of the bomb.

Right away, I was making passes cause I knew it would be a long dusty race if I didn't come through the pit in second; I was so stoked.

I was nervous too cause this is the best position I have ever been in. I wanted to win, so I put my head down and started charging.

I made a few risky moves to try and gain time on the leader. I was hoping my Camo Von Zipper goggles would let me sneak up on him unnoticed. lol

I charged ahead hoping around every turn to see dust in the distance. When I saw the finish I had not caught the leader but I was still super stoked to be finishing second!

Then as I crossed the finish line Stacey handed me this HUGE trophy!

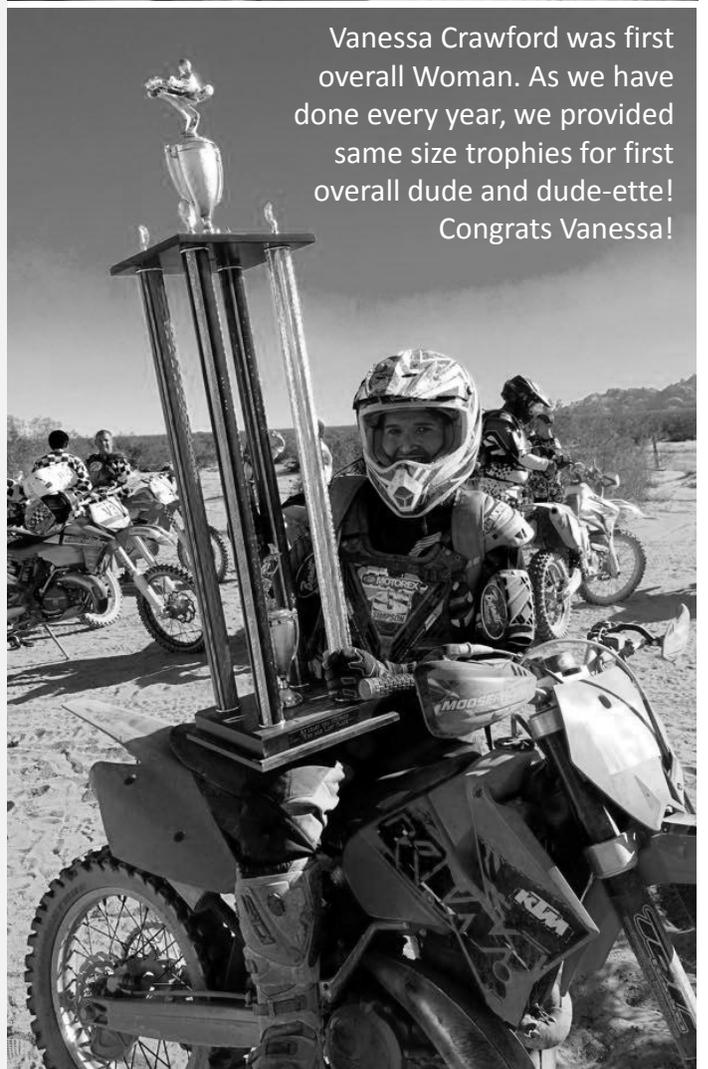

I was a bit confused, wondering what the first place guy got. She told me I was first! I was so excited! My first overall! The course had lots of whoops but at the finish my arms felt great thanks to my Fasst Co. flex bars, and no blisters.

Later I found out Ben who had been leading had a bad crash. I'm glad he is home and doing better.

I want to thank all my sponsors Fasst Co., Amsoil, VonZipper, Asterisk, Dirt Triks, AME grips, Fastway, Troy Lee Designs, RaceTech, ESR, FMF, Kenda, Samco, alpinestar

Vanessa Crawford was first overall Woman. As we have done every year, we provided same size trophies for first overall dude and dude-ette! Congrats Vanessa!

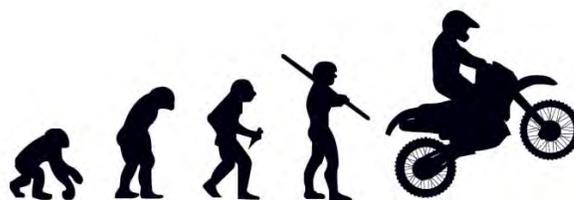

In 2013, the Hilltoppers/ Daisies Scrambles was the first race that followed the tragic loss of Kurt Casselli. The clubs did a ceremonial banner roll up that was one of those moments in racing, for all that were there, will never forget. At this years event, to commemorate that loss, HTMC and the Daisies provided a memorial trophy to the rider that finished 66th overall. Ryan Voznick Desert MC got the honor. Ride On Kurt!!!

Saturday Desert Racing -

Something we tried this year was putting on the event on a Saturday. We were able to get a kids ride, bomb practice, Desert Race, Live Band and a wedding all done in a 12 hour period. That is planning.

What did you think?

For the clubs, it was great. The following day, the entire club including anyone that wanted to lend a hand was out on the track pulling ribbons and arrows. We were completely clean and loading up to go home by around noon Sunday. We even got a little play ride in with the kids...perfect.

Content, Content, Content -

In putting together the District News letter it has become clear to me that there is a lot more going on out there than I was aware of. It is amazing to see that there is pretty much something going on just about every weekend and that there are different groups that attend each of the events.

It is my intention that this news letter appeal to the widest range of reader and to that end, I want to show all four disciplines in the best light.

Try as I might, being at each event to really discuss and convey the flavor for each is not possible. I can report who finished where and who won and where they are in the points hunt. That does not truly give the reader the feeling of what it was like to get stuck in the same mud hole with 60 other riders and what you did to get out of it.

So this is an open invitation. A lot of you racers are "forced" to write a race report as a contingency for sponsorship. Others might just have a great story to tell. I want to post them all to the letter and really hit all the bases of why we all race and why the type of racing you do is worth taking a look at.

Enduro's, Desert Races, Youth Series, Motocross, and Grand prix should all be represented here. If you are at any of these event. Take photos, send me E-mails. Tell me what you saw and what happened. Tell me the funny stuff. Tell me the amazing stuff. Who won and who had fun.

Send all the info you can to me at Scott_Hamby@ahm.acura.com. Hit me up on the District message Board at Hilltopper Ling Ling.

2015 is shaping up to be an epic season. Lets all work to put our best foot forward and make sure every event is a success!

Rovers MC
Boner Run
Desert Scrambles
Slash X - Barstow CA

Slash X Ranch is a great place to put on a desert race. Closer to the bar, the better, I always say. Rovers MC put on the Boner Run and it was another perfect day to go riding.

Joe Miller Says: I as well as the entire Rovers motorcycle club would like to thank each and everyone of you for coming out in support of our event. As with all district 37 club races, this was an absolute labor of love. The loop captains Dave and Russ Woolmore like myself have been involved with d37 on and off for most of our lives and truly love desert racing.

The Woollys as well as several other members of our club spent a lot of time on several weekends laying out this desert scrambles course as well as the ill fated European scrambles courses. Early in the process we lost a very dear friend of mine and the club while laying out the euro loops. We dedicated this race to his wife who was in attendance and helped with the race along with family and friends with a banner rollup at the start. RIP Les Horvath.

I'm especially proud of the number of first time riders we had at our race. Just goes to show that marketing a race as fun can and will boost the numbers of our beloved sport. I'd like to thank the BLM for working with me prior to and during the race to make this project the success it

was. Also Dan Barnett for making the moto tally scoring system a complete success. (Bet you thought you'd never hear me say that!)

Lastly I'd like to thank the Rovers club for helping me with the promotion and ultimate execution of the race. As has been and will continue to be said for many years to come "Rovers is good people"! Thank you all again and we look forward to next year and our race at Cougar Buttes.

So here is how it all shook out.

The Top 5 finishers are as follows – Photo on top (P249) Ryan Smith of Desert MC was 1st overall on his John Burr, Moose Gear, FMF, X Brand, Fasst Co. Yamaha. Ryan was 3rd at the end of lap one and moved his way up to first at the finish.

(15P) Justin Morrow was a very close 2nd. 11 seconds separated the two riders at the finish.

(19P) David Kamo aboard his privateer KTM was just a few minutes back for the 3rd overall.

Not photo'd above is Max Eddy Jr. who was 1st Vet and 4th overall and Steve Kirk III was 1st Lwt-I and rounded out the top 5.
