Moose Run
 Four Aces MC
 February 24-25 2018
 Spangler Hills
 Photos by Grumpy

Four Aces MC got it all together out a Spangler for the 2018 version of their Annual Moose Run Desert Scrambles. This is always fun event to attend and participate in.

The club works their butt off to provide a course that is not too challenging and of course, fun. Being one of the California Scrambles races, the intent was to make it doable.

The reviews are mixed over the content, but you cant deny the effort. Thank you to all the Four Aces MC members for making this another great event.

Nicholas Burson (On the cover) (1) on the Purvine Racing Yamaha picked up from where he left off last year. Piloting the number 1 plate to a 2:20 lead over 2nd place after the first loop.

The Four Aces had a re-loop that was to be "National Caliber" as far as being technical. Just like anything they do out there, some had no problems with it at all. Some did.

Burson jumped out on to the 2nd loop and ended the day over 5 minutes ahead of everyone. Great ride for the defending champ.

Thank you Four Aces MC!!!

Ryan Smith of Desert MC was 2nd overall on the SRT, Kenda, TBT, Rick's Custom Shutters Husqvarna

Kevin Dejongh rounded out the top 3 on the 3 Bros, Fasst Co, ONE, Kenda, VZ Bell KTM.

Checkers M/C Brooke Olivas won the Girls Senior Adv class.

Youth Steward Report By Lori Anderson

This year has started off with a bang for the 2018 Youth Series. There are more racers registering for District 37 licenses, more desert races this year, and a team working at each event to make sure this series continues to grow. The increase in racers has also presented us with some challenges.

One of the challenges is to make sure all of the racers have a safe, fun, and positive experience. To do this requires full participation from the Youth Series team, hosting club, family, friends, and racers.

There are conditions we must follow based on District 37, AMA, and BLM requirements that may not be known by some you, but it is for the safety of everyone.

Some areas that are important for everyone, not just the Youth Series:

1. Standing at the start line with your racer – I know as a family member and friend you want to be with your racer at the start line. This is fine until it is time to start the race, but before the start there can be no spectators allowed within the roped off area at start time. Any spectators inside the starting area could delay the start if the area is not cleared.
2. Pit areas – The pit areas at a D37 event are considered part of the race course and can be busy, especially during the race. To many people in the pits, including youth who are not racing can and do create safety issues.
3. Finish Chute – When waiting for your racer to finish, it is very important you stay in the designated spectator areas. Once the Racer has finished, he or she

can then ride out of the finish chute to your location for high fives, pictures, and bench racing.

Another challenge involves ensuring we have enough volunteers at each event. Many of the events we could use help on the course as sweep riders, working at check points or critical course locations, and/or flagging on pit row or at the finish line.

This year we have had many people asking how and where they can help. If you are interested in helping at any of the events, you can see Kent Bartels, Youth Course Marshall, prior to the race. He will know where the help is needed and can make the necessary assignments.

The last challenge is communication. At this time, we are trying to utilize the District 37 Forum, Facebook, rider instructions, and this newsletter. One thing that can help with this is something new this year, the Youth Rule Book. It is available in hard copy and on the District 37 website. In case you do not find any of the answers you are looking for in the rule book, you can contact me with your questions.

Now it is time to get out there for more racing. Banner's up!

REDONDI'S TOPS AT P.DOGS GP

Prairie Dogs MC
Grand Prix
Glen Helen
March 3rd and 4th
Photos by Mark Kariya

You're not going to believe this, the P dogs threw a GP at Glen Helen... and it rained!

Although there was some slip'n and a slide'n, that did not keep the racers from showing up and taking to the mud.

Giacomo Redondi (90) was the fastest in the big WCGP Pro 1 class. He lead the train into the finish line with a 1 second win over the chasers.

Eric Yorba coming in on the tail of Giacomo for a strong 2nd place finish.

Kailub Russel of the FMF KTM Factory Racing Team was a 4th.

Trevor Stewart on the JCR HONDA, LUCASOIL, MAXXIS, FLY, VONZIPPEER, ALPINESTAR Honda was 3rd.

Tatum Sik was the overall Race 2 winner.

Clay Hengeveld was the top WCGP Pro II rider. NORTHLAND MOTOR, PRECISION CONCEPTS, TLD, IMS, MAXXIS Kawasaki

Robby Bell kept it clean and upright for the Vet win.

Craig McCall was the fastest Magnum

Brandi Richards showing some style on her way to WCGP Women's Win.

Mikayla Nielsen picked up the win in the WCGP Girls/Kids/ Peewees and then followed it up with a win in the Super Mini/ Girls Senior/ 85

Nick Burson took the final race of the weekend. HWT Exp.

Mark Tilley got the Senior class win.

Yep... #1 showed up and did what he does.. Beau Baron took the hardware for the Quad/ Side Hack Race.

BURSON WINS AGAIN!

DDMC put on another great event out at the Spangler OHV in March. This club is a big group of really fun people and they know how to put together a party and really fun race course.

RMXV777 on the District Message board said it best, "What a fun course. IMO exactly what a desert scramble should be. Hats off to you guys on the course markings. It's was marked very well and I know the wind was working against y'all. Thanks for all the hard work."

You have to love it when you put the time in, work you're a\$\$ off and people enjoyed what you did. That is what being in a club is all about.

Purvine Racing's, and series champ Nicholas Burson (1) got out to the first loop lead. He was followed into the pits by Prospectors MC Hayden Hintz. Hayden was just 1 minute back.

Burson went to work on the field in the 2nd loop and ended up winning by over 3 full minutes. You wanna be the best, you have to beat the best.. And today, Burson was the best!

Ryan Smith of Desert MC on the Husqvarna was 2nd overall and Hwt Expert.

Cody Kurtz was the first LWT-I Expert and 3rd overall.

Hayden Hintz of Prospectors MC was a solid 4th on the Yamaha.

Nicholas Garvin rounded out the top 5 on the BRP, FMF, AME, RACETECH, ESR, GRANDMA sponsored KTM.

The Viewfinders Max Eddy was first 1-looper and Top Masters Expert.

Kari Erickson had two very consistent loops that brought home the victory in Women's Expert.

Top ATV went to Ryan Wilson of Invaders

From the Secretary's Desk — Sheri Kibbe

Hey Race Fans!! Here are some things you should know.....

Look for an **Enduro Series** in 2019!! District 37 will offer a series with 6 Enduro Events next race season. Stay tuned for more information to be coming soon!!

Pro riders who race the Big6 GP Series can participate in the West Coast GP Series located within the same venue as the Big6 races. The West Coast GP Series has a class specifically for Pro riders called the AA Class. Riders may enter this class, but once you race as a Pro, you continue as a Pro for the remainder of the season. This also includes riders who race as a Pro in other competition series outside of D37.

If you race in the GP Series as an AA Class rider and are also competing for Desert points, you will receive Desert A (Expert) points.

The Desert Division currently does not have an AA class, but may add it at a later date if the ridership is large enough to justify adding the class.

The California Scrambles Series is a series that includes 10 races made up of Desert Scrambles and European Scrambles. If you are new to Desert Racing, a Desert Scramble is a course that is 1 loop averaging 35 miles long and you race around the loop 2 times, or you have an option to ride 1 loop, determined at the time you sign up.

A European Scramble is a course that is between 6 and 16 miles long and you race around the loop for a time of 45 minutes up to 1 hour.

In the California Scrambles Series, if you have a Desert Competition License in addition to the California Scrambles License, you will receive both Desert and California Scrambles points. Your California Scrambles Series points are scored on your first lap. For full Desert Points, riders must continue on and complete the race.

If you only hold a California Scrambles License, you may enter all Desert points paying events however, you will only receive points for the races designated as California Scrambles events.

Trophies for this series are given at the Awards Presentation held the February after the season ends and riders can earn a #1 plate for that series! For more information on the California Scrambles Series, contact Jerry Strahler at jerry.strahler@district37ama.org

Oct 20 2018 - Desert Scramble Spangler - Red Mountain, CA

Ever wonder how D37 creates their calendar? Ever wonder why you get asked to join a club?

Joining a club is important in many ways. First off, joining a club will not only create a new "family" for you, but if you break down or get injured, your club members will make sure you and/or your equipment and gear make it back home. They can notify your immediate family of any news and help to take care of you and them. Your club also has a roster of all their members who are entered in that day's race. If you don't get checked off on the roster, then your club will know you are still out on the course and they need to figure out where you are and make sure you get back to camp safely.

Your club also pours your gas, cleans your goggles and gives you a shot of water on pit row (which you will also do for your club at least once in the season).

Clubs are also important, because without the clubs, there would be no racing! The club members are the work horses in District 37.

While you are out racing, there is always one club that is not present. That is because they are out marking the course of the next race you will be in. If you are worried that if you join a club, you will be missing out on points from having to work a race you could be riding in, don't.

Club members that work a race are given 2nd place points for the day(s) they are working a race. You are allowed to earn (1) set of Enduro work points, (2) sets of Desert work points, or up to (4) sets of GP work points all at the club referee's discretion.

So, why does everyone have to put their club name on the entry form and why is it listed in the results?

Each time a club member races, the rider receives points that accumulate toward the end of the season. The club also receives points for their members racing. If you are in a club and don't see your club on the race results next to your name, please notify your steward. Your club will not receive your points if your club is not linked to you in the system.

The club points are not just so they can get an award saying they are the #1 club. Each club's points signify what order they will be in to pick the next race date at Date Board. Each year in April, all of the D37 Clubs attend the monthly meeting at the Brea Olinda High School for Date Board.

There is a large yearly calendar taped up to the wall and the club with the most points at the end of the prior season gets to pick their race date first. Second place picks second and so on until all

clubs have chosen their date. If a club or clubs have no points, they pick after all the other clubs have chosen their date and they are called in alphabetical order.

So, it's important that your club receive your points so they can be one of the first clubs to get the date they want on the next year's calendar.

A big THANK YOU to all of our D37 clubs that make District 37 The Place To Race!!

*In memory of Dave Oakleaf,
Keep the Rubber Side Down*

GARVIN AND GAMBOA – HBMC GOES TO THE G'S

Two days of desert racing out at Slash X and the Natural Water Truck (Rain) did what it could to keep the ground wet. Hard to beat those conditions.

Checkers MC's Jeff Owen said, "Great job on both courses HBMC. Racing in the rain on Saturday EPIC!!! Really enjoyed the A course @ 10:30 for Sunday race. That wet dirt was a nice change and those sand washes... Awesome!!!!"

Jordan Gamboa went 2nd on day one and pulled out the win on day 2.

Steve Roberts took both days as the Senior.

Ryan Wilson was fastest ATV on both days as well.

Brandon Tipton of Checkers MC was a two day winner.

Day 1				
Course A	Rider #	Name	Brand	Class
Race 1	6	Nicholas Garvin	KTM	HWT EXP
Race 2	V1	Brandon Tipton	HUS	VET HWT EXP
