Hi All,

Well quite a bit has happened since the last column was published. So here goes with some new rule changes for 2017.

- The points chart for the Women's class will be changed immediately to reflect that it should be the standard District 37 point's chart, and not the National points chart as is written in the current rulebook.
- There will be a "Women's Veteran" class. It will be for women 35 years old and up. This new class will be for Desert, Grand Prix's, and the California Scrambles. Skill classes will be Novice, Intermediate, and Expert.
- Legends riders will start races with the Beginners.
- A new "Youth Steward" position was created. This Steward will handle all Mini, and Youth riders in the Desert, Scrambles, and GP classes.
- At G.P's that have a Scrambles event, (WCGP race 6), all Masters and Legends will race with the Novice, Beginners.
- Work points become final when the results are final. This will be after the ten day protest period, which starts once results are published.
- At all District 37 events that pay desert points, the District 37 MotoTally Administrator shall score the event. This does not include Big 6 events, National Hare and Hounds, and West Hare Scrambles.
- Minis racing at all District 37 sponsored national Hare and Hound or Western Hare Scrambles events that pay District 37 points, will receive desert points from the youth race if they are prohibited from riding in the adult race by an AMA rule, or another sanctioned club at the event. The MotoTally Administrator will add minis to the desert race with no lap times in the order of their finish.
- Change of the skill level in the Masters class, from Expert only, to Novice, Intermediate, and Expert.

The way this last rule change will work is if a current Masters rider was a Novice or Intermediate in a prior division, usually

the Magnum class, and went to the Masters class where he or she was **required** to be an Expert, they have a "one time" opportunity to go back in skill level. A rider who was an Expert in a previous class, and becomes eligible for the Masters class, will not have this option. Riders will still be transferred at the discretion of the Steward. The current transfer schedule still applies.

Recently it came up about entry forms at the GP's. Some riders are under the impression you can fill out one entry form and it will be good for all the races they enter. This is not the case. There is a District rule that an entry form must be filled out for every race entered. This should not be a big deal since you can fill out the forms online, and print them out prior to going to the event. You can use the standard District 37 entry form for every race, at any event.

Elections for District Officers were held at the October Off Road meeting. There are some new Officers, and Stewards. Also some Stewards have switched classes, and do not handle classes they had in the past. So when the applications are made available make sure you send it to the correct Steward, not necessarily one you have sent the application to in the past. The license application will appear in the next newsletter.

Something for all riders to keep in mind. It is your responsibility to keep track of your points. MotoTally, (and the MT Administrator) do a very good job of doing it, but problems do occur, and sometimes points, and in some cases riders are

not appearing in the results, points section of MotoTally. Therefore it is the riders who need to notify The MT Administrator or me, about problems as soon as results are posted. Once the results are posted there is a ten day protest period. Once that time frame passes no changes will be made per District rules. Until next time,
